READING

Classes will focus on vocabulary building, early phonic concepts, recognizing and producing sound blends, sight words, and overall improvement in reading & comprehension.

CREATIVE WRITING

The importance of creative writing includes: The ability to foster artistic expression, explore functions and value of writing, clarify thinking abilities, and stimulate imagination.

OPEN MIC NIGHT

Studies have shown that the biggest fear in most adults is public speaking! This class will focus on selecting, learning and telling fun and silly jokes in front of their peers. This is a great way for children to build their self confidence, not to rely on others for validation, nurture and trust their intuition, and finding satisfaction in supporting others in a non-competitive environment. Absolute fun!
